

HOW TO APPLY FOR SERVICES

Individuals must apply for and be determined eligible for services from the Developmental Disabilities Administration (DDA) prior to applying for these programs. Transitioning Youth comprise a special category of eligibility and priority for services. DDA, in collaboration with the Division of Rehabilitative Services (DORS), funds supported employment and other day services for eligible graduating students who otherwise may not have received DDA services.

SUPPORTED EMPLOYMENT & ADULT DAY PROGRAMS

Connecting people with disabilities to life's possibilities

MISSION

Our mission is to support individuals with disabilities in achieving independence, productivity, and the quality of life they seek.

Unified Community Connections (UC2) provides Supported Employment services and operates four Day Program Centers throughout the state. Located in Baltimore, Frederick, Hagerstown and Cumberland, each center is licensed by the Office of Health Care Quality (OHCQ) to provide community-based services for individuals with a broad array of developmental disabilities.

UC2 is widely recognized for its expertise in supporting individuals with varied and often multiple disabilities, including those who are medically fragile and/or rely upon wheelchairs for mobility. Our highly trained staff is a dedicated and compassionate team of professionals, including personal development assistants, job developers and coaches, activity coordinators, registered nurses, social workers, nutritionists and a speech language pathologist, all of whom work closely with the individuals' families, resource coordinators, and personal physicians to ensure that the unique needs of each individual are met.

SUPPORTED EMPLOYMENT & DAY HABILITATION PROGRAMS

Supported Employment & Day Habilitation programs are offered in each center and are oriented toward the goal of integration into the community. Each individual has input into his/her own unique program, and family involvement is welcomed and encouraged.

DAY HABILITATION PROGRAMS

Day Habilitation programs focus on the development of interpersonal, social and vocational skills, through:

- Life Skills Classes
- Community Outings
- Arts and Crafts
- Educational Guest Speakers
- Social Events & Entertainment
- Physical Activities
- Sensory Stimulation

Well balanced lunches are provided daily. Adaptive feeding techniques, including tube feeding and dispensing of medications, are provided under the supervision of nurses.

UC2 offers accessible Transportation Services and provides daily curb to curb pickup and drop-off to and from each Day Program Center. Transportation routes are designed to minimize the time spent on the bus for each individual as much as possible.

SUPPORTED EMPLOYMENT

Supported Employment services provide assistance with job selection and readiness, interviewing, training and maintaining both paid and volunteer positions in the community. Individuals are also assisted with finding and accessing transportation to and from their places of employment.

UC2 is especially committed to working with Transitioning Youth as they embark upon their careers. We strive to ensure that each individual has career choices and meaningful and innovative opportunities.

We work with employers such as Giant Supermarket, Target and Saint Agnes Hospital to give individuals opportunities for meaningful employment.

Our goal is to provide appropriate levels of support to all individuals receiving this service, both in the community and in the work force. UC2's Supported Employment teams provide guidance and encouragement to assure that individuals thrive in the workplace.

Once employment has been obtained, individuals and their families can be comfortable in knowing that staff is always available to assist them.
